Family plan fundraiser on anniversary of shock death

# Appeal to keep memories alive

By Sam McGregor

JAMES Bott was an apparently fit and healthy young man, then one night he went to sleep and never woke up.

His girlfriend, Jade Clarke, raised the alarm in the early

hours of the morning on July 27, after she woke to find the 21-year-old was not breathing properly.

Mr Bott was taken to the Horton Hospital and later transferred to Oxford's John Radcliffe Hospital, but never regained consciousness.

Three days later, on July 30, his family had to make the agonising decision to switch off his life-support machine.

Mr Bott was found to have rare Brugada syndrome, an arrhythmia which caused his heart to stop beating. He eventually stopped breathing.

Still reeling from shock, Mr Bott's immediate family was tested for the genetic condition and his mother, Karen Bott, of Ruscote, Banbury; brother Rob Breeze, and his father, Terry, were also diagnosed with it. His sister, Amy Bott, was given the all clear.

Within weeks Mr Breeze and his father Terry had heart surgery to fit an ICD, an implantable cardioverter defibrillator, which monitors the heart and shocks it if arrhythmia is detected.

Now, to mark the first anniversary of James' death, family and friends plan to cycle almost 1,000 miles from Lands End to John O'Groats.

The 15-year-old cousin of Aston Villa fan Mr Bott, Joey Wynne, step father Ian Lynes, 46, and best friend Ryan Wallace, 22, will all start their ride on July 30, with Rob Breeze as back-up driver, and hope to reach their destination on August 11, the date of Mr Bott's funeral.

Organiser Rebecca Langton, Mr Breeze's fiancee, of Bretch Hill, said: "In the UK 12 young people under 35 die every week from arrhythmia — more than breast cancer, aids and lung cancer combined."

"To keep the memory of James alive, his family and friends aim to raise funds to provide every school in Banbury with a defibrillator."

Miss Langton said that a huge jumble sale had already raised £1,500, enough to pay

for training, maintenance and installation of a defibrillator at Mr Bott's former school — Banbury School, in Ruskin Walk.

Fraudster lived 'the high life'

# 'Greedy' charity chief jailed

By Ellie Simmonds

A 'GREEDY' charity chief who stole almost £700,000 from the funds and spent it on the high life was jailed for four years and four months.

Dennis Grant, 63, bought a £300,000 home in northern Cyprus and a £62,000 Aston Martin Vantage car as well as a Jeep 4X4 with money he stole from the Cotswold Water Park Society, Gloucester Crown Court heard.

The £56,000-a-year chief executive's frauds went on undetected for two-and-a-half years – until one of his staff realised what was going on and confronted him.

"You purchased property and impressive and expensive motor cars and greed was undoubtedly the primary motive although I suspect that was aligned to your desire to give the impression of someone far better heeled than in fact you were."

Grant, of Upper Tadmarton, admitted six charges of obtaining money transfers by deception and making false representations.

## Planning approval for former nightclub

College takes lead role in linking business and young people

# Scheme aims to tackle skills gap

By Amanda Williams

A PILOT scheme to train young people in the skills needed by local employers is up and running in Banbury.

In a joint initiative, Banbury's MP Tony Baldry, Cherwell District Council and Oxford and Cherwell Valley College (OCVC) hope to link businesses and young people.

The idea is to encourage more young people in Banbury to meet local firms and sign up for work or training schemes that meet the needs of the town's employers.

So far 47 companies have signed up and 10 have pledged to take on apprentices.

Businesses were asked to sign up to a 'pledge card' to offer one, or a range of actions, to help young people, from spending an hour explaining their business to offering an apprenticeship.

Mr Baldry said: "The point is we have employers with job vacancies who can't find people with the skills needed, and youngsters who are not finding employment or training, and we have to bring this together."

"Even if businesses don't feel able to offer an apprenticeship straight away, at least commit to giving work experience, or explain your business to a young person or let them come and see your business."

The scheme is designed to help young people not in employment or training, called Neets, of which there are about 500 in the town, and also those in work who want to train for a

different career.

Jack Pilling, aged 19, is currently finishing his first year apprenticeship at Prodrive: "I chose an apprenticeship because I consider myself to be a very practical person and have an appetite to learn. We work alongside OCVC, who can almost tailor-make our course to suit our working environment. Both Prodrive and the College are supportive of apprentices and encourage us to move forward.

"We move round all manufacturing departments at Prodrive, giving us experiences and skills in many different areas. In our first year we had day release to college, which I believe is better as you are learning the theory behind the practical as you are doing it at work. The other benefit is the phrase 'earn while you learn'. It's a perfect description of an apprenticeship. It also allows you to have a trade for the future, and if you plan on going into further education it gives you the opportunity to become a more complete engineer with the practical and theory behind a university course."

In a report by the council on the local economy, it said the district was just behind the South East average for skill levels, but was in-line with the national average in that it does not build on its skill position year on year.

OCVC is doing its bit to boost skills in the area by working with local business to offer training courses focusing on the local need.

Principal Sally Dicketts said: "The best, most effective and

Prodrive apprentices Ashley Goodger and Jack Pilling (centre) with senior technician Steve Jakeman

successful apprenticeship and vocational programmes are always the ones where there is a genuine partnership between business and the College."

Norman Bolster, Cherwell's lead member for economic development, said: "The number of pledges we've received so far shows that businesses really want to engage with local young people."

**BOSSES** at house builder Taylor Wimpey say the firm's financial performance is expected to improve with current trading. The firm, which has 16 sites throughout Oxfordshire including The Cross in Banbury and Orwell Grange in Sutton Courtenay, will also start work on a new site, Kingsmere in Bicester in the summer. In a trading statement, the company which employs 107 staff in the county, said: "We are focused on delivering margin improvement on our existing land portfolio, continued progression of strategic sites through the planning system and the addition of new sites where good opportunities are identified."

**VICE** principal at Banbury School, Mat Hunter, will become the new head of 600-pupil secondary school Icknield Community College in Watlington from September 1.

**INDEPENDENT** special school Hillcrest Park, which teaches children with emotional and behaviour difficulties, is providing a "good" standard of education for its pupils, according to Ofsted. Inspectors said the 17-pupil school, which opened in Southcombe in 1995, has a broad and balanced curriculum, enthusiastic staff and outstanding accommodation.

# County is one of the best funded in the UK for treatment Survival still a postcode lottery

By Fran Bardsley

TREATMENT for lung cancer patients in Oxfordshire has seen a huge funding boost, according to a recent report.

Research by the Roy Castle Lung Cancer Foundation revealed a postcode lottery in treatment, funding and outcomes for patients with the disease.

According to the report, Oxfordshire Primary Care Trust was among the top performers.

In 2009-2010, the most recent year for which figures were available, £3.79m was spent on treating lung cancer in the county, the sixth highest amount spent by any primary care trust.

That was a rise in funding of 82.8 per cent from the previous year, which was the

seventh largest PCT funding increase from 2008-2009 to 2009-2010.

The charity's chief executive, Dr Rosemary Gillespie, said: "Despite recent advances, lung cancer remains a devastating disease and the most common cause of cancer death in England.

"Your chances of surviving lung cancer and receiving a treatment which could benefit you should not be decided by where you live in the country.

"Sadly it is clear that this is indeed the case and there is significant geographical variation in patient survival and patient access to care and treatment."

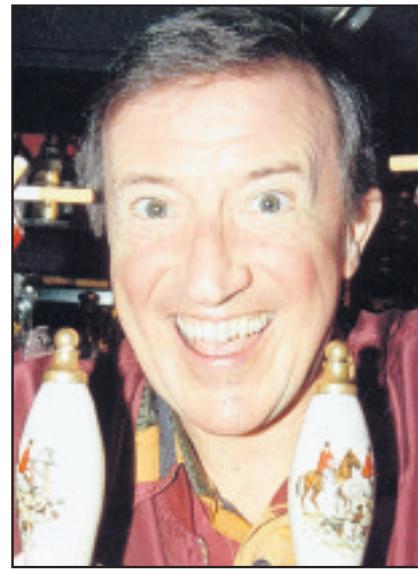

The report also highlighted differences in one-year and five-year survival rates, although data was from 2006 for one-year survival and across 1998 to 2002 for five-year survival.

In Oxfordshire, the one-year survival rate for people diagnosed with the disease was 27.2 per cent, which was broadly average, although the five-year survival rate at 6.2 per cent was among the lowest, with only 21 PCTs having a lower rate.

But the mortality rate overall, based on figures from 2004-2006, was the eighth lowest in the country with 28.8 people dying of the disease per 100,000 of population.

The report also showed that patients in the Thames Valley area lived for longer after diagnosis than anywhere else in the country, with people treated there surviving on average for 224 days — the equivalent of about seven-and-a-half months.

Nationally, the average number of days a lung cancer patient lived after diagnosis was just 188.5 days.

Inspectors say home is 'not meeting essential standards'

# Care home 'concerns'

By Sam McGregor

INSPECTORS have found another Oxfordshire care home is not meeting "essential standards".

The Care Quality Commission carried out an unannounced inspection at Brooklands 2, in Old Parr Road, Banbury, days after a pensioner raised concerns about basic care there.

Bert Dowler, 86, raised concerns about Brooklands 2 after his friend Arthur Forse stayed there.

Former Kraft Foods worker Mr Forse, 89, died at another care home, Southerndown, in Chipping Norton last month.

Mr Forse, a regular volunteer and swimmer at Spiceball Leisure Centre, suffered a stroke last August, but as his health improved, he was moved from hospital to Brooklands 2 on March 18. But friends claim the health of the former WW2 Royal London Irish Rifles soldier deteriorated and he lost weight. He then moved to Southerndown care home on May 16.

Mr Dowler and another friend Jackie Cross say there were problems at Brooklands 2, ranging from lack of cleanliness, poor and unsuitable food, and

**Bert Dowler and Jackie Cross**

communication issues with staff.

Mr Dowler, of Warwick Road, Banbury, said: "I was visiting him every day. I cleaned his mouth, gave him drinks and provided him with drinks and fresh fruit.

"He could not understand the staff and they didn't appear to understand him either. I had many confrontations with staff."

Jackie Cross, who had known Arthur for about 25 years, said: "He was a caring and loving person who would have given anyone anything."

Brooklands 2 director Mark Taylor said the allegations would be investigated. He said: "In this

case, Brooklands tried very hard to nurse a patient with very severe and complex needs and we devoted a lot of time and effort towards finding the best solutions.

"This allegation goes against the recent trend based upon residents and relatives being surveyed, and from holding frequent interactive meetings."

A spokesman for the Care Quality Commission, which monitors essential standards in care homes, said: "We made an inspection at Brooklands 2 on July 7, and we will be taking further action.

"Clearly essential standards are not being met."

A report on Brooklands 2 is being prepared by the CQC but has not yet been released.

It comes after two Oxford care homes have been shamed in damning inspection reports over the past few weeks.

Earlier this month, the Care Quality Commission found Southern Cross-run The Albany in Headington failed all seven essential safety standards.

And Brookfield Christian Care Home in Greater Leys, which was also run by Southern Cross, was criticised by care inspectors.

## News in brief

JUDGES from the Royal Horticultural Society have inspected Banbury's floral displays for the regional stage of Britain in Bloom. Last year the town won a Silver Gilt award in the competition.

CHILTERN Railways has opened a new 45-space car park east of Banbury station to help cope with rising demand from commuters. The car park is off Merton Street, close to the Royal Mail depot. Passengers using the car park must pay with the RingGo system, via a mobile phone.

A PUBLIC meeting, organised by Chipping Norton residents opposed to supermarket chain Sainsbury's plan for a second store in the town will take place today. The meeting, at the Crown & Cushion Hotel, in High Street, is at 6.30pm. Among the matters to be discussed will be the formation of an action committee.

# Hacked off!

Town fed up over links to the News of the World phones spying furore

By Ben Wilkinson

newspaper boss Rebekah Brooks, and News Corporation boss Rupert Murdoch's daughter, Elisabeth.

Townspeople say they are fed up with the spotlight falling on them during the furore over the tabloid phone hacking scandal.

Residents think the town's reputation is under threat because of the powerful media elite dubbed "the Chipping Norton set".

The group of key movers and shakers, include Prime Minister David Cameron, former

Chipping Norton resident Keith Ruddle, 61, said: "There has been obviously a lot of press about the 'Chipping Norton set' and I think a lot of people in the town get a bit cheesed off to be honest.

Chipping Norton itself is generally a working Cotswold town with a lot of history and heritage. A lot of the attention has been around a small number of

individuals who do not actually live in Chipping Norton, they live out in the sticks."

Former town councillor Gerry Alcock was also less than happy about the fresh tabloid coverage.

He added: "I think it is a terrible shame that these people have brought the town's name into disrepute. It is appalling.

"They have got nothing to do with the town and the town has got nothing to do with them."

Mr Ruddle, who works on *The Chipping Norton News*, offered Mrs Brooks a job at the paper that would help her get "back to the basics" of journalism. She had resigned as head of News International on Friday.

The community newspaper is published by 20 volunteers.

High point of the day

RAIN did not stop the fun as Banbury's second old town party proved a success with shoppers and traders.

Parsons Street, Church Lane and Market Place were alive with music, dance, and even a bicycle piano, as the people in local shops and businesses let their hair down and enjoyed some fun.

Last year traders in Parsons Street, Church Walk, Church Lane and White Lion Walk hosted a party to celebrate the completion of a £1.5m pedestrianisation scheme. Because it was such a success, they decided to do it all over again.

There are more than 126 shops in Banbury's old town area and many of them enticed people in with samples of food and drink.

Street entertainment was also laid on including Rimski Bicycle Piano, Sue Greenway and her Dixie Strollers and Martin Green on classical guitar.

There were also dance displays, a turn from Cherwell Theatre Company's Liam Nooney and Jim Snee as *Holmes and Watson*, balloon modelling and face painting.

Comic Connections owner Glyn Smith said: "We were concerned at first because it was absolutely throwing it down until midday, then the sun came out – as did quite a few people."

# Celebrations over youth club funding

YOUNG people in Banbury can start celebrating after plans for their youth club have been given the green light, thanks to a £48,000 grant.

Councillors ended months of uncertainty for youngsters in Grimsbury and revealed a list of successful groups, which had applied for a slice of Big Society cash.

On the Oxfordshire County Council approval list was Grimsbury youth club, one of eight groups that shared £250,000 from the £600,000 pot.

Last December, amid controversial council spending cuts, the future of a new youth centre at the former Cattle Market site, off Merton Street, was thrown into doubt.

Several months ago Banbury Young Homeless Project moved into the building and use it during the day.

But thanks to the Big Society grant an "old fashioned youth club" will also be housed there.

Local councillor Ann Bonner, who has been campaigning for a youth club in Grimsbury, said: "It's such good news."

# Luke to set up his charity stall

A COUPLE will be manning a stall in Banbury market on Saturday to raise cash to help build a school in Africa.

Luke Froude is heading off to Kenya in October as part of a team of work colleagues, to help change children's lives by building a classroom.

As part of the Action Aid project, Mr Froude needs to raise £1,500.

He will be travelling to Africa with workmates Kirsty Cook and Amy Johnson, and 22 other Bibby staff from around the country.

Mr Froude, 30, of Appleby Close, Banbury, said: "Each employee has to raise £1,500 to help fund the trip, but the more we raise the better the lasting impact on the community we can make.

"While out in Kenya we will be involved in bricklaying, plastering, painting and everything and anything else that is needed.

"The trip was advertised to all employees as part of the Bibby Financial Services, part of the 'giving some-

thing back program'. I decided to sign up as my wife and I have tried to make the lives of children in this country easier, so I thought this was another really positive thing I could be involved with."

Earlier this year Mr Froude and his wife, Gemma, 29, were presented with a certificate of merit by the charity Support for the Sick Newborn and their Parents. In memory of their son, Finnley, the couple raised more than £20,000 for the charity, which works with the special care baby unit at Oxford's John Radcliffe Hospital. The couple were supported by the charity after their son was born 12 weeks premature and weighing just 1lb 4oz.

Although he grew to 7lb 14oz, he died in June last year, aged 18 weeks, after contracting an infection.

# Motor centre display will feature a car from every year

# Celebrations as Ford hits 100-year milestone

The 1930 Ford Model A speedster, capable of almost 100mph

By David Duffy

THOUSANDS of Ford enthusiasts will be celebrating 100 years of Ford UK at the Old Ford Rally on Sunday at the Heritage Motor Centre, at Gaydon, near Banbury.

To celebrate this milestone, the organisers are hoping to assemble a display featuring every Ford model from each year of the century.

Alongside the display of around 400 Fords, will be the oldest Ford in the UK, a 1903 Model A called a Tonneau plus the fastest Model A in Europe - a 1930 Ford Model A Speedster capable of doing almost 100mph.

Old Fords and all derivatives built up to 1985, will showcase the fantastic range of vehicles produced by one of the world's biggest manufacturers.

Visitors will be able to see every model, from Model T's to the cars of the pre-war austerity years, agricultural and military vehicles and on

to the more luxurious post-war Zodiacs, Granadas and sporting Lotus Cortinas.

Many more will be on show alongside the commercial workhorses that carried the goods to all corners of the world plus the Transit Van Clubs annual rally.

Emma Rawlinson, event executive for the Heritage Motor Centre, said: "The Old Ford Rally is a fantastic day out and not just for Ford enthusiasts. We're delighted to have the Tonneau and Speedster at the rally which goes to prove that not all old Fords were black and boring."

Advance tickets for the rally cost £11 or £12 on the day for adults, £5 in advance or £8 on the day for children and £30 for an advance family ticket or £36 on the day. Prices are £15 in advance or £20 on the day.

Tickets or camping can be purchased by phoning the ticket hotline on 01926 645029 from Monday to Friday 10am-5pm.

# MIND, BODY & SOUL

## FOR THE BODY YOU DESERVE

Firstly, let me introduce myself, my name is Donna Hubbard, the founder of Gymophobics. I went from a blobby 13 stones 10 pounds size 16, to the 9 stones 4 pounds size 10 figure that I have maintained for the past twenty three years. Changing my figure took me just over five months and since then my system has helped more than 100,000 women to slim down and shape up!

I call my system Resisted Tension and it is so different from conventional workouts that it is protected by a Trade Mark. But don't worry about that as I am happy to share it with you in this regular column.

This week I need to start by telling you why cardio vascular exercise (all those exercises which are designed to get your heart pumping such as jogging on a treadmill, exercise cycles, rowing machines, etc) will never get you the figure you want. That's not to say that you shouldn't do any cardio as it will get you fit and help you avoid a heart attack, but as

far as figure improvement and weight loss goes, cardio could be a waste of your valuable time!

To lose weight you need to burn more calories than you eat or drink. You probably knew that already didn't you? So how many calories can you burn when doing cardio? The honest answer is 'not a lot'!

Take jogging for example. You will burn more calories jogging than any other form of cardio. An hour's non stop jogging at a very brisk pace (and you would need to be pretty fit to do that wouldn't you?), will burn at most around 800 calories depending on your weight. Now that may sound a lot but actually it's not. There are some 3,500 calories in every pound of fat on the body so you would need to jog vigorously for some four and a half hours to lose just one pound of fat! That's an awful lot of jogging!

Look out for my next column on the Banbury Cake Mind, Body and Soul pages. In the meantime I want you to try this tummy toning exercise each morning when you get out of bed. In just two or three weeks you will see a noticeable difference.

### The Tummy Tuck.

Standing with feet apart, lean forward and hold onto the back of a chair for support.

Now exhale and pull in your tummy at the same time. Pull in your tummy as hard as you can, both in and up. Now hold that position for the count of seven (seconds) and then relax while you take a breath. Repeat that exercise 8 times on day one which you may find surprisingly tiring. On day two repeat the exercise 9 times and so on, increasing the number of repetitions each day (if possible) up to 20 repetitions. (That's enough for anyone!).

If your tummy muscles feel too sore don't be afraid to rest them for a day.

And finally, here is a diet tip that I want you to follow. For the next two weeks I want you to put less food on your plate. Don't change your diet at all. Just reduce your portion sizes. The result may surprise you so remember to weigh yourself today and in two week's time. This will show (I hope) that it is not just what you are eating but the amount that may be the issue that needs addressing.

I am so looking forward to working with you and helping you to gain a body you can love. For more information email me at donna@gymophobics.co.uk

## Fuelled up for more car fun

**CARS 2 (U, 112 mins)**  
*Animation/Action/Comedy/Romance. Featuring the voices of Owen Wilson, Larry The Cable Guy, Michael Caine, Emily Mortimer, Bonnie Hunt, John Turturro, Thomas Kretschmann, Jason Isaacs, John Ratzenberger, Vanessa Redgrave, Eddie Izzard, Lewis Hamilton, David Hobbs. Directors: John Lasseter, Brad Davis.*

IT had to happen eventually.

Disney Pixar, the most consistently dazzling animation studio on the Hollywood block, was always going to struggle to top the tearful elation and misty-eyed farewells of *Toy Story 3*, the highest grossing film of 2010.

*Cars 2* falls short of that modern masterpiece, lacking sufficient heartfelt emotion under the bonnet to really rev our engines in the way that we have come to expect from the mercurial John Lasseter and his team.

For any other studio, this high-octane spy caper would be a triumph, orchestrating some death-defying action sequences that look even more startling in digital 3D.

And certainly young audiences will whoop with glee as tow truck Mater skids and screeches from one disaster to the next as the film's turbo-charged characters circumnavigate the globe in the

first ever World Grand Prix.

However, compared to Disney Pixar's most recent features – *Ratatouille*, *WALL-E*, *Up* and *Toy Story 3* – Lasseter and Brad Lewis's film lacks the polish, which perhaps we've taken for granted.

Lightning McQueen (voiced by Owen Wilson) returns home to Radiator Springs as the four-time champion of the Piston Cup.

Best friend Mater (Larry The Cable Guy) welcomes him back with open doors, as does girlfriend Sally Carrera (Bonnie Hunt).

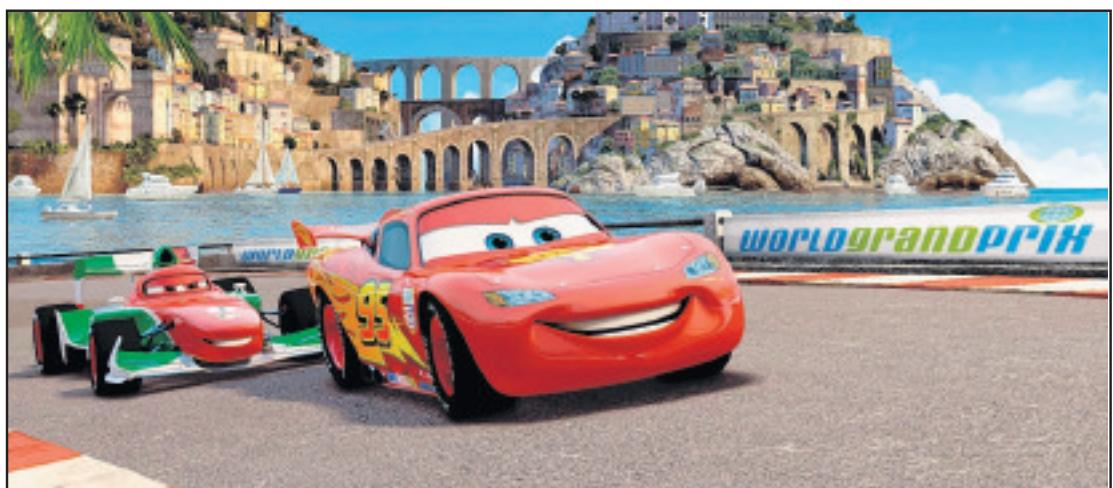

Italian racing car Francesco Bernoulli (John Turturro) goads Lightning into participating in a newly announced championship organised by environmentalist Miles Axlerod (Eddie Izzard), who will use the grand prix to showcase his state-of-the-art biofuel, Allinol.

However, a group of rogue cars led by the diabolical Professor Zundapp (Thomas Kretschmann) is plotting to sabotage the three races in Japan, Italy and the UK.

Thankfully, secret agent Finn McMissle (Michael Caine) and rookie field spy Holley Shiftwell (Emily Mortimer) are on the case, roping in Mater, who they mistakenly believe to be an undercover American agent.

"Finn McMissle, British Intelligence" suavely purrs the gadget-packed motor.

"Tow Mater, Average

Intelligence," cheerfully replies his rusty sidekick.

*Cars 2* is a sweet and colourful yarn about being true to yourself, as seen through the headlights of Lightning, who is embarrassed by Mater's social faux pas and demands the tow truck puts himself into a different gear.

"Why would you ask him to act like someone else?" asks Holley.

Visuals look spectacular and action sequences have been breathlessly orchestrated to take full advantage of the 3D format so you feel like you are burning rubber down winding roads at

dizzying speed. Like all of Disney Pixar's previous films, *Cars 2* is accompanied by a hilarious short – Hawaiian Vacation.

In this six-minute treat, Buzz, Woody and the Toy Story gang

help Barbie and Ken to celebrate their first holiday together by creating tropical climes in Bonnie's bedroom.

That's what friends are for.

## Festival memories go on show

FLASHBACK: Fairport Convention take to the stage at a previous Cropredy Festival

AS the town gears up for Fairport's Cropredy Festival, a display of photographs and memorabilia from the past four decades of the festival has gone on display at Banbury Museum. Fairport Convention's

Ric Sanders and Chris Leslie paid a visit to the museum to see it for themselves.

Chris said: "I played at one of the first festivals in 1977. It is amazing to see how it has grown through the years and is now a major national event. This

exhibition reflects that and any Fairport fans in the area should pay a visit."

The display runs until September 10. Entry is free.

Former Banbury defender returns to take over from Billy Jeffrey

# Fuller takes command

BANBURY United last week appointed their former defender, Ady Fuller, as their new manager.

It follows the resignation earlier last week, due to health reasons, of Billy Jeffrey.

Fuller, who was boss at Southern League Midland Division side

New manager, Ady Fuller

By Nick Farrant

Daventry Town, will be assisted by former Banbury midfielder Paul Lamb.

He resigned from Daventry in the summer after ex-Charlton Athletic player Mark Kinsella was brought in as manager.

Banbury chairman Paul Jones said: "We were impressed by their enthusiasm. Although they are fairly new to management their CV is a good one.

"They did well at Daventry and took them to the play-off final last year."

Banbury start their Evo-Stik Southern League

Premier Division campaign with a home game against Hitchin Town on Saturday, August 13.

Their first derby clash with rivals Oxford City takes place on Monday, August 29 when the Puritans visit Court Place Farm.

But on Friday, Banbury United went down to a 3-1 defeat away to Hellenic League side Wantage Town in Ady Fuller's first match in charge.

The Puritans were left shell-shocked as a double from last season's top-scorer Richie Claydon and Danny Keen saw Wantage storm into a 3-0 lead. Although former Rushden and Diamonds youngster Lewis Hallford hit back for Banbury, it was too late for Fuller's outfit.

Bowing out, Billy Jeffrey

**GYM OF THE YEAR 2010**

## The four ages of Gymophobics

ONE THING that strikes visitors to Gymophobics for the first time is the incredible mixture of ages. Not only do members come in all different shapes and sizes, but they vary in age far more than in 'conventional' gyms. Whilst most members in a conventional gym are in their mid twenties, at Gymophobics the mix is much greater. More and more mothers and daughters now attend, and increasingly so are their grandmothers! Ages range from as young as twelve to members in their eighties!

And, why not? Gymophobics (people who don't like gyms) come in all ages and shapes and sizes. So, what attracts people who would never go to a conventional gym? Members come up with many answers including the friendliness, the close personal attention of staff, the 'air resistance' equipment which makes exercise so easy, the fact that it takes 30 minutes and is an all female environment, the focus on weight loss and figure improvement and the fast results.

The most common answer however, is that most women find conventional gyms quite 'intimidating', but at Gymophobics they can feel quite relaxed. We surveyed members of different ages to find out what their primary goals were and the table below is a broad summary of what they told us.

### Age goals

#### > Under 17:

Often brought along by their mothers concerned about their daughter's lack of physical activity, poor posture and early weight gain. This is also the age to build strong bones and avoid osteoporosis in later life!

#### > 18 to late 30s:

To achieve and maintain a great figure, weight loss.

#### > 40 to mid 50s:

Weight loss, speed up metabolism.

Avoid muscle atrophy.

Reduce the risk of cardiovascular disease.

#### > 55 plus:

Anti aging benefits of regular exercise.

Increase energy and mobility. Sleep better. Resist osteoporosis.

Avoid weight gain.

### THE GYMOBOPHICS EXPERIENCE

Don't worry if you are overweight or very unfit! So too are many of our ladies when they start. There are no mirrors at Gymophobics and no lycra leotards either. Come along in loose clothing and enjoy the relaxed 'intimidation-free' environment.

Find us at: 2A Bridge Street | Banbury | OX16 5PH | 01295 255532

# Hate gyms? LOVE GYMOBOPHICS!

### Easy and friendly

Tracey is confident that Gymophobics can work for everyone. 'Whatever your weight or figure problem, we will help you achieve results. Our 'air resistance' equipment will make results easier than you ever thought possible and you will actually look forward to your visits. You will make lots of friends too. So come along and give Gymophobics a try. The results will amaze you'.

On your first visit, you will be shown around and we will answer all of your questions. We will even tell you what results you can expect and how long it will take you to achieve your ideal figure and how often you will need to attend (most ladies visit us two or three

times each week for a thirty minute session). If you decide to enrol, we will book you in for an induction. This usually takes an hour and is a one to one session with a qualified instructor who has been trained at our own training academy. Thereafter, each time you come along an instructor will ensure that you know exactly what you are doing and will gradually upgrade your programme as you gain in fitness and confidence.

### Amazing benefits

Every ten weeks you will be booked in for a reassessment which will show the results you have achieved. Expect to be amazed! We can sculpt your figure and ensure that inches are lost from all the right places. Your metabolism will speed up and you will burn excess fat from all over your body. You will take on a leaner, firmer appearance, your tummy will flatten and your bust will be lifted. Flabby areas around the bum, thighs and the back of the arms will disappear. Whatever your ages, you will feel great too.

Energy levels are dramatically increased within weeks of starting your Gymophobics programme and you will sleep better. Even your digestion will improve.

Looking better will raise your self esteem. You will grow to like yourself more and be able to face life with new confidence. It is no exaggeration to say that Gymophobics can change your shape and your life!

### Training our staff

Ever wondered what training instructors receive? At Gymophobics we take training very seriously. That's why we are probably the only gym company in the UK to operate a full time training academy for our staff.

The gym instructors in the UK have received very little formal training. Even the NVQ qualifications offered by some colleges are little more than an introduction to the subject of programme planning and health and safety guidelines.

The Gymophobics staff training programme is designed to produce highly competent instructors with the knowledge, formal training and experience to ensure that members achieve results without the risks associated with ill advised exercise and regimes.

Our training academy operates 50 weeks of the year and instructors attend for weeks at a time and go back to their own gyms to study our training manuals and DVDs and gain practical experience.

During their first twelve months instructors will also attend a variety of advanced seminars at the academy and

**LOWEST EVER PRICES!  
LIMITED PERIOD  
15th JULY -  
31st JULY 2011**

take a series of ever more gruelling examinations to ensure they reach the company standards of competence.

Our training team is led by sports science graduates. Training includes anatomy, exercise physiology, nutrition, kinesiology, exercise related medical issues, weight loss and metabolism, client counselling etc. The training is ongoing and staff attend refresher seminars to top up their knowledge.

No wonder that the Gymophobics instructors are probably the best in the land and help our members achieve the kind of results which other gyms can only dream of.

## BECOME PART OF OUR SUCCESS STORY

### Debbie Pratt

When I started at Gymophobics in January 2011 I was very nervous! I was however made to feel very welcome as the Instructors put you at ease

straight away. The staff are always friendly, caring and very supportive, they are always encouraging and give plenty of good advice that helped me keep on track. After 2 re-assessments I have lost 1 stone 7 1/2 lb plus an astonishing 27 inches in 20 weeks. I am enjoying it today as much as I did the day I first started and loving my new look.

### Clare Campbell

"I used to always feel tired and never had energy, my knee's always hurt from a previous injury and I lacked motivation. I started going to Gymophobics after a lot of persuasion from a friend, gym's were never something I stuck at and always seemed a waste of money. I have now been going approx 4 times a week for 7 months and have never felt so good, my knee's are better, I have lost 18 inches and 2 stones and the gym has been a big contribution to this. Some of the reason I have stuck with this is the gym is a comfortable environment, the staff are supportive and always motivating (which I need!) and I can see great results.

### Jill Loveridge

I joined Gymophobics in Feb 2009 and am still currently a member. I've enjoyed it from the day I started, as my programmes are consistently changed every 8-10 weeks to help keep me keen and motivated. I didn't have lots to lose although I have currently lost 1 stone 8 1/2 lb and 25 inches off my body. I am really pleased also because my body fat and Bmi have both reduced and they are now classed as healthy. I attend 3 times a week or even 4 where possible. All the staff have been really helpful and encouraging on every visit and because the atmosphere is so friendly I always look forward to my sessions. I also have to mention the 54321 slimming club as this has really helped me to be disciplined with my eating habits and I'm so happy with my results that I've now started Nordic walking in excess of 5 miles at a time as my fitness has improved that much. I would highly recommend Gymophobics to any lady of any age or size because if I can do it anyone can.

# MARTIN&CO

the UK's №1 letting agent

## STRUGGLING TO SELL IT? WHY NOT LET IT!

GOT ONE OF THESE?

YOU NEED ONE OF THESE!

 Demand for rental properties is at an all time high

 You can have your home available "to let" at the same time as it is "for sale"

 After 4 months of a tenancy, you can give notice to your tenant and place the property back on the sales market, whilst enjoying the rental income for the remaining 2 months of the tenancy

 Tenants can go on to buy the houses they rent

 We offer an absolute rent guarantee insurance which costs you £3 a week and ensures you are never out of pocket should the worst happen
